## ABOUT ORU KAYAK

We believe that connecting to nature is a deep human need, even for those of us who live in cities. We love exploring the world around us, and we draw inspiration from all sorts of experiences — most obviously Greenland kayaks and Japanese origami, but many others that live in the details. We're building a business, but our real goal is to change how people connect with the water.

## DURABILITY

The hulls of Oru Kayaks are made from a custom polypropylene with a 10 year UV treatment and has been rated for 20,000 folds. We suggest you treat your Oru Kayak like a fiberglass boat. All Oru Kayaks come with a 12 month warranty.

## PORTABILITY

Stash it in a trunk. Check it on a plane. Store it behind your couch. Hike it into remote waters. No garage, SUV, or roof racks necessary. Oru Kayaks make kayaking simple, easy, and accessible—so you can spend more time on the water.

## PERFORMANCE

All of our kayaks are lightweight and have great handling. Each model is a little different, and has been tested extensively in their respective environments - lakes, rivers, bays, and oceans.
